

**CHARNWOOD HEALTH AND WELL-BEING PARTNERSHIP FORUM  
7TH SEPTEMBER 2010**

**YOUR HEALTH MATTERS**

**Introduction:**

This report is to provide a summary of the Your Health Matters Events.

**Summary of issues/activities:**

**Your Health Matters Events**

Two clinics have been held since the last report and the reputation of the events continues to build. In July a clinic was held at Gorse Covert Community Centre and was well attended with a particular incident resulting in the identification of a vulnerable adult.

The planned event at the King Street Mosque was superseded by a similar event on the 29th August co-ordinated by a group called LIMA which ensured Muslim doctors and other practitioners were available. The event had over 60 people attend with 7 males and 3 females being referred.

Follow ups and referrals continue following these events and a joint review with NWL and the PCT is planned for October.

**Recommendations:**

That members of the Forum take note of the Well Families Clinic Programme and continue to help promote the events.
